

# THE PAN-AFRICAN SCHOOL OF POLITICAL SCIENCE

---

Training in the Art of Governing

## A WORD FROM THE GENERAL DIRECTOR

---

### **Dr. Mariam AIDARA**

Phd in International Relations  
and Diplomacy

### **Why choose Dakar Science Po?**

“ Due to the quality training provided, and an unavoidable requirement for these skills in the emerging modern world. Dakar Science Po aims to be the gold-standard of excellence for political science courses. We teach the understanding and mastery of the key topics of interest to political studies, including organizations, political forces, behaviors, elites, and different worldwide actors. This Pan-African Grande Ecole was founded for a key reason: Africa, in the field of political knowledge, needs well-trained actors, seasoned researchers, informed analysts and political scientists. They should all be familiar with the study of political phenomena and able to study the processes of power relations between individuals, and groups, especially within the state. ”

## A WORD FROM THE ACADEMIC DIRECTOR

---

### **Pr. Babacar GUEYE**

Full University Professor (agrégé)  
of Law and Political Science

“ Training in political science opens up the possibility of specialisms to meet the requirements of the national and global market. These might include international careers, analysis and evaluation of public policies, public administration, diplomacy, or communication. Vocational training gives people access to positions of responsibility and can be tailored to suit the specialties chosen by the students during their course. Studies in political science create exposure to different perspectives and offer the possibility of a promising career in the sectors of international, national, regional and local political governance. As well as in the international organizations and institutions, diplomacy, protocol and diplomatic practices, political strategy, geopolitics, economic intelligence, research, and international law. ”

## DISCOVER WHAT WE OFFER AT OUR ENTREPRENEURSHIP AND INNOVATIONS DEPARTMENT - EARN A DIPLOMA

---

DAKAR SCIENCE PO IS THE FIRST PAN-AFRICAN SCHOOL OF POLITICAL SCIENCE to train in the art of governing. We understand that the only effective and viable policy is one that teaches those who govern to develop, identify, train, and support the African entrepreneurs of tomorrow. This is essential for the development of ENTREPRENEURSHIP in Africa, to increase the wealth and resources of Africans, as well as leading them towards happiness and prosperity. These values led to the creation and opening of our entrepreneurship department.

### MAIN TRAINING OBJECTIVE

---

Mobilize students, job seekers, auditors and any other actor in an entrepreneurial empowerment process to bring them to master all the tools and skills necessary for the creation and management of a business, whatever the sector of activity considered.

### SPECIFIC TRAINING OBJECTIVES

---

We allow participants to have a holistic perspective on all the processes of creating and managing a company. By developing administration, accounting, law and marketing skills, this training will ultimately allow people to be in control of their own destiny and their professional success by creating their own business to generate new resources.

### DIPLOMA OFFERED :

---

- ✓ CERTIFICATE IN BUSINESS CREATION
- ✓ CERTIFICATE OF COMPETENCE IN BUSINESS CREATION AND ENTREPRENEURSHIP
- ✓ MASTER OF ENTREPRENEURSHIP AND INNOVATION
